POLISH-AMERICAN FREEDOM FOUNDATION (PAFF) – Program Founder

The Foundation launched its activity in 2000. The main goal of the Foundation is to advance democracy, civil society, equal opportunities and market economy, as well as share Polish experiences in transformation with Central and Eastern European countries. PAFF finances its activities from revenues generated by its endowment (\$280 million), the source of which are assets of the Polish-American Enterprise Fund. Since 2000, the Foundation has disbursed over \$224 million for its programs.

The Lane Kirkland Scholarship Program, launched in 2000 is a long-term endeavor of the Polish-American Freedom Foundation, since 2016 administered by the Leaders of Change Foundation. Additional information about the Polish-American Freedom Foundation and its programs can be found at: www.pafw.pl

LEADERS OF CHANGE FOUNDATION (FLP) – Program Administrator

The Foundation was established in February 2016 by the Polish-American Freedom Foundation. The main activities of the Foundation include administration of the long-term programs financed by the Polish-American Freedom Foundation: the Lane Kirkland Scholarship Program and "Study Tours to Poland" Program.

The Lane Kirkland Scholarship Program and Study Tours to Poland Program were transferred to the new Foundation, together with their experienced teams who have been responsible for their creation for many years. A combination of programs with similar profiles, and participation of new people in their co-creation constitute an opportunity to expand and enrich our activities. We would like to have a broad offer addressed to those who are willing to benefit from the experiences of active people from East Europe, the Caucasus region, and Central Asia. In collaboration with academic centers and institutions in the public and NGO sectors, we also hope to offer some new forms of internship and research stays in Poland.

We gather together people who believe in the power of change.
