POLISH-AMERICAN FREEDOM FOUNDATION (PAFF) – Program Founder

POLSKO-AMERYKAŃSKA
FUNDACJA WOLNOŚCI

POLISH-AMERICAN
FREEDOM FOUNDATION

The Foundation was established in February 2016 by the Polish-American Freedom Foundation. The Foundation began its program activities in 2000 with the dual intention of consolidating the results of the transition begun in Poland in 1989 and sharing the Polish experience of transformation with other countries in Central and Eastern Europe.

In Poland, the Foundation pursues its goal mainly through programs aimed at equalizing educational opportunities and improving the quality of education, as well as supporting civic activity at the local level, especially in rural areas and small towns.

Between 2000 and 2022, the Foundation allocated more than \$270 million for its activities while raising nearly 288 for foundation programs from other sources.

The Lane Kirkland Scholarship Program, implemented from 2000, is a long-term endeavor for the Polish-American Freedom Foundation, and has been administered by the Leaders of Change Foundation since 2016. Additional information about the Polish-American Freedom Foundation and its programs can be found at: www.pafw.pl

LEADERS OF CHANGE FOUNDATION (FLP) – Program Administrator

The Foundation was established in February 2016 by the Polish-American Freedom Foundation. The main activities of the Foundation include administration of the long-term programs financed by the Polish-American Freedom Foundation: the Lane Kirkland Scholarship Program and "Study Tours to Poland" Program.

The Lane Kirkland Scholarship Program and Study Tours to Poland Program were transferred to the new Foundation, together with their experienced teams who have been responsible for their creation for many years. A combination of programs with similar profiles, and participation of new people in their co-creation constitute an opportunity to expand and enrich our activities. We would like to have a broad offer addressed to those who are willing to benefit from the experiences of active people from East Europe, the Caucasus region, and Central Asia. In collaboration with academic centers and institutions in the public and NGO sectors, we also hope to offer some new forms of internship and research stays in Poland. We gather together people who believe in the power of change.
